Phlebotomy for Nursing Personnel Class - PICC Resource No the Phlebotomy for Nursing Personnel programs can be completed within 5+ hours, or in as little as one day. If you wish to obtain a national phlebotomy certification, apply for our Phlebotomy Certification Class. Phlebotomy Basics For Nurses - RN Journal Phlebotomy is the process where a puncture is made in the vein to remove blood or infuse fluids such as saline. As nurses we are very familiar with the process of inducing fluids, however, we are not so familiar with the process of removing blood. Phlebotomy Training for Nurses - Nursing Schools Guide Phlebotomist nurses are specially trained nurses who perform the delicate task of drawing blood samples from patients for testing purposes. They ensure blood samples from patients reach the testing laboratory in good and un-tampered conditions.

Phlebotomy Class Worth It? | allnurses 1) Are phlebotomy sticks the same as IV ones? 2) Do you see a benefit to taking a phlebotomy class to gain experience and/or confidence? 3) Would a phlebotomy certificate look good a resume for a new nurse? - does it give you any advantage. Why should nurses acquire phlebotomy skills? Nurses are more familiar with the patients than the phlebotomy staff is and can use this information to the patient's advantage. For example, if the patient is sick all night and did not sleep, the nurse could opt to draw his blood later in the day. Phlebotomist vs. Nurse: Which Is the Right Career Choice ... Working as a phlebotomist can be very rewarding, and is a medical career that pays well. Most phlebotomists can earn around \$30,000 each year. You'll be learning an important skill, and playing a crucial role in the medical industry. Nursing is obviously a very appealing career path too but it's much more of a challenge.

Phlebotomy Practice Guidelines for Nurses | Chron.com Nurses interested in becoming a certified phlebotomist can earn certification, such as through National Phlebotomy Continuing Education, or NPCE. To be eligible to apply for certification through NPCE, you need at least a high school diploma or GED and complete a one-year training program or have one year of relevant work experience. Phlebotomists vs. nurses - Phlebotomy Training Group Nurses can Obtain Specimens, Keeping the Patient's Daily Cycle in Mind One of the arguments used for decentralized phlebotomy systems is that patients feel more comfortable if the nurse that is taking care of them performs the blood collection procedure. Phlebotomists and Nurses: What's the Difference? To start with, a phlebotomist and nurse are similar in that they both work with patients in a health care setting, but most of the similarities end there. Phlebotomists really specialize in doing one thing: drawing blood, where nurses can do a wide range of things.
