Manned Mars Plan: Phobos by 2033, Martian Surface by 2039? An incremental, multiple-mission approach that envisions getting astronauts to Phobos by 2033, then down to the Martian surface by 2039 could make manned Mars exploration technologically and. Manned Mars Mission: How NASA Could Do It - Space.com Going through Phobos. Sending astronauts to Mars is the top long-term priority of NASA's human-spaceflight program. Phobos Manned Mission by Joni M. Fisher - goodreads.com The science fiction novel Phobos: Manned Mission explores the basic cycle of emotions that drive scientific discovery--curiosity, pride, and fear--through the example of five astronauts in their fifties sent to recover an alien artifact found on Mars. Mankind's curiosity demands the mission; pride endangers it; fear dominates it.

Mission to Phobos "The precursor to human Mars landing ... Mission to Phobos "The precursor to human Mars landing ... noted the expansive section on the manned missions to Mars/Phobos in ... a Phobos mission centers on aiding the development and.
